

DRAINING AND REDUCING BODY TREATMENT FOR THIGHS, HIPS AND ABDOMEN

With Hyper - Thermal water of
Abano terme and patented
reducing active agent
REGU@SLIM

Cosmetic mud and cream

Important characteristics of this treatment:

- Visible results without dietary sacrifices
- Extremely simple to use
- Requires only 30 minutes per application
- Can be comfortably done at home as in a SPA

How to use:

- Apply the mud with your hand lightly massaging in circular motion, to favor draining effect and elimination of excess liquids.
- Cover the treated area with a towel included in the box.
- Leave on for 20 minutes
- Rinse off under the shower, alternate warm and cold water for a toning effect
- After drying your skin apply Thermal Slim cream and massage until it is completely absorbed

Your skin will look tighter, smoother and visibly more toned

We advise to use thermal mud application 2 or 3 times per week, while the cream has to be applied twice a day- mornings and evenings, as a replacement for your usual moisturizing body cream after shower.
